

Heart Of Worship

The *HOW* Workshop

Q&A

What is a "HOW" workshop?

HOW is a workshop with a maximum of 25 teen leaders and/or adult youth leaders. The workshop is purposely designed to be as intimate and close to a one on one setting as possible. The goal of the workshop is to develop an effectively functioning teen leadership team within your youth group through activation and exaltation.

What exactly will the teens get?

The focus of HOW is to develop teen leaders that first and foremost, place a strong emphasis and dedication to prayer and intercession and second, commit to *worship* being the priority rather than the gifts used to facilitate an atmosphere for worship. The teams are formed under three main categories: WORSHIP: *Prayer, Worship Floor Team, Welcome & Outreach*; MEDIA: *Power Point, Video, Photography, Website and Light & Sound*; and ARTS: *Theater, Music, Dance, Art and Creative Writing*.

Will you form a praise and worship band?

An important and time consuming portion of a HOW workshop involves developing a praise and worship band but we purposely avoid making the band the focal point of the leadership team. The aim is to steer young musicians away from their American Idol/Rock Star mentalities and into a deep understanding of and devotion to the true biblical application of the God-designed purpose for the gift of music!

What's the schedule?

A HOW workshop is completed in four main sessions. Preferably it is scheduled over a Friday night session, Saturday morning session, Saturday afternoon session and Saturday evening session. However, it can also be scheduled over four week night sessions.

What is the cost?

The cost is \$40 per person with a minimum of 12 attendees and maximum of 25.

How do we schedule a HOW workshop?

Visit www.RealMinistries.org for current scheduling information.

Comments from youth members

I like it that we actually have a plan and a set up and it's organized now!

~Grant Reeves, Lead Intercessor, Urgency Youth, Perryton TX~

"Jill's music expresses passion and intimacy, as well as tangible evidence of an authentic relationship with God, and creates a trancelike atmosphere of worship and revelation that can impart to all. With a white flag in one hand and a war banner in the other she flows through music into the hearts of all who listen."

~Zach Mills, Drummer Urgency Youth Band, Perryton TX~

"Jill is the worst and best thing that ever happened to me!"

~Creed Newton, Guitar, Urgency Youth Band, Perryton TX~

"It's not about a band!
It's about worship!"

About the organizer: Primarily a music minister, Jill Welch has also been in youth ministry for three years. Jill spent almost a decade in Nashville where she was a studio manager, engineer, recording artist, and staff songwriter for Milsap Music Group. She says it was during this period when she got her fill of the world's application of the gift of music. She now possesses a Keith Green - like passion for the heart of worship and a true knack for excavating the God given gifts buried deep within young worshipers. She loves the role of what she calls mining for spiritual diamonds!
